I Timothy 1:18-19

If you haven't written down the words God has spoken to you, you need to.  
If you haven't written down the times God helped you or rescued you, you need to.  
Why?

You won't recall them when you are down or in trouble

You won't recall them when the enemy comes against you in full force

If you have them written down, you can read them and encourage yourself in the Lord
